PLEASE READ AND SAVE

**83rd Season  
2018-2019**

Dear Ponca City Concert Series Member,

Rebounding memberships, generous donations, and economical but quality acts allowed your board to again select a season with five performances for your enjoyment.

Details of the five concerts presented in Ponca City, as well as four concerts in El Dorado and five concerts in Bartlesville are provided in this brochure. Your enclosed membership cards are valid for all. Please sign and safeguard your cards and present them for admission at each concert. If you misplace your card, board members near the door at the Ponca City concerts will be able to confirm your membership.

If you have out-of-town guests who wish to attend the Ponca City concerts with you, please check at the membership table. Your local friends may purchase season memberships at the same table.

The Ponca City Concert Series is made possible by an active volunteer board. If you would like to help select the acts, interact with the performers, design promotional materials, or help with any other tasks undertaken by the board, please contact me or anyone on the board. Any member is eligible for election to the board.

If you find this season's performances to your liking, please thank board members you know for their behind-the-scene efforts. If you have suggestions for improvement, please share those as well.

There are still people in the community unaware of the Ponca City Concert Series. Please share information about this season's concerts with your friends. Even though the main membership drive has concluded, memberships may be purchased at any time. A cheerful, personal endorsement from a satisfied member is a great way to support the organization. Thank you.

Also, a special thank you to the contributors listed on the following pages! Their generosity provides a significant portion of the artist budget.
